

## Primary Canvass Delayed By Write-Ins

Official Results May  
Be Ready By Thursday;  
Many Single GOP Votes

Primarily because of the complicated task of tallying the scattered write-in votes on the Republican ballot, official canvass of votes cast in Tuesday's primary election may not be finished until Thursday, according to Miss Eulalia Holz, county clerk.

While the write-in vote in general supported the state candidates announced by the Republican committee before the election, a number of "favorite son" names were written in for various posts on the ballot. Miss Holz said every name for every position, even though it appears only once, must be tallied.

"This is the worst we've ever had," she said. "It will take at least through Wednesday to finish the job, unless we have unusual good luck from here on out and from what we've seen so far, we have no reason to expect we will."

Miss Holz said the canvassing board worked Saturday on the official tabulation even though the courthouse is normally closed on that day. Other members of the board are Wilbur H. Gehring, GOP county chairman, and James Chapman, secretary of the county Democratic central committee.

Republicans had only two candidates on the ballot for county offices, both running for the sheriff nomination. In that race, William C. Straube, former Edwardsville mayor, won an easy victory over Lester Vierling of Venice.

Two Granite Citizens  
The state promoted by the GOP county committee was written in candidates included Dale Hyle, Granite City, for county judge; Robert Byrne, Granite City, county clerk; Harry Patton, Alton, probate judge; Gehring as probate clerk; and John F. Wolter of Alton as county treasurer.

Unofficial tabulations showed the write-in state had carried, although a number of voters had written in names of the candidates for different positions. Also, some facetious write-ins were evident, as in the case of a voter who wrote in the name of Miss Holz for a position on the Republican ballot.

Former school superintendent F. L. Alexander of Edwardsville had been supported as a write-in candidate for Republican nomination as county superintendent of schools. According to the unofficial results on Page 15, Col. 2.

LUCIAN DRESSSEL

### Lucian Dressel, Dairy Firm Head, Dies At Age 60

F. Lucian Dressel, president of the Dressel-Young Dairy Co. and a prominent participant in community business and civic affairs and church and scouting activities, died at 9 p.m. Thursday at Barnes Hospital in St. Louis.

Mr. Dressel had been ill for three months, and was stricken with a cerebral hemorrhage at his home at 2615 Delmar avenue about 7 p.m. Thursday. He was 60 years of age.

Coming to Granite City from Jerseyville in 1925, Mr. Dressel established the dairy company here that year. He remained at its head until his death, although declining in health in recent years forced him to become less active.

Former School Board Member  
He was a member from 1941 to 1944 of the board of education of Granite City Elementary School District 126, which was later disbanded with the formation of the present community unit.

A member of the First United Presbyterian Church, he served as an elder there prior to his death and had served several terms as trustee. He was a member of the pulpit committee and was active in all phases of the work of his own church as well as of the Alton Presbytery.

Having been a Boy Scout, Mr. Dressel had been a scout executive for many years and had served as a scout leader as an adult. He was a member of the Canaan Heights Country Club and had been a member of the Alton Country Club from 1943 to 1945, and in the latter part of his term served as president.

### Sewer, Abatement Program Outlined

Time For Decision Approaching Rapidly  
Granite City's immediate problem of being forced to build a sewage treatment plant—with or without storm water relief sewers—was stressed during a meeting of the Cloverview Civic Improvement Association at Maryville school Thursday night.

The association, headed by C. El Nash, had invited G. W. Hoelcher, chairman of the Citizens' Master Sewer & Drainage Committee; Aldermen Ford Johnson and Frank Vesic; City Atty. William Beatty and Edward Juneau, project engineer, to attend and outline the proposed master sewer and pollution abatement program.

Hoelcher said the state Sanitary Water Board was willing to go along with the city's joint program as long as progress is being made.

### Non-Referendum Bond Issue

He explained that should the proposed \$8,925,000 triple-pur-

pose storm water relief, sewer separation and pollution abatement program fail to be approved, the state board could officials and issue an order to halt pollution and force the city to build a treatment plant through a non-referendum revenue bond issue. If the violation continued, Hoelcher said, the law permits the state Sanitary Water Board to levy fines against the city.

Without the separation of the combined sanitary and storm water sewers, he said, the city would be required to build a much larger sewage treatment plant costing an estimated \$10,000,000. If the interwater and sanitary flows are separated, the city could build a \$1,200,000 treatment plant with the lower construction cost more than offsetting the cost of the interceptor sewers.

Hoelcher and Beatty emphasized the proposed program is

Robbed In St. Louis  
A Madison man Edward Avary, 28, of 2040 Fourth street, told St. Louis police he was robbed at a knife-point at 1 a.m. Saturday on a St. Louis street by two men who took \$158 from him. He was later treated at St. Louis City Hospital for minor knife wounds to the fingers of his right hand and released.

Avary said he was returning to his parked car at 1220 South 10th street when the two men, dressed in the pair as Negroes, up behind, pressed a knife to the back of his neck, and demanded the cash. He said he gave them the cash, then threw the wallet into his car and fled. He was later arrested.

The money will be spent for construction of a utilities reservoir and for apartment plans, specifications and other items incident to campus planning and construction. The allocation will come from the university's building fund which was provided by a bond issue voted in 1960.

Strong Request To Leave Board  
When asked the amount of levee district participation in the \$8,925,000 overall program, Beatty said the levee board members had made a \$180,000 commitment, and that the city is "going to request strongly that they undertake their obligation. They have until Dec. 31, 1962, to issue general obligation bonds without

## Costoff, Broyles Head Party Units; See Battle In GC

Venice and Nanticoke township Democratic chairmen were elected yesterday, and other local party groups are preparing to reorganize. A battle shaping up among Granite City Democrats will be decided at 7 p.m. Friday at the American Legion Post 113 home.

Those regarded as major contenders in Granite City are Committee Chairman "Dick" Allen of Precinct 14, investigator for the state's attorney's staff, and Walter P. Nunn, a Granite City Fifth Ward alderman and Precinct 29 committeeman.

The meeting has been called by Vice-Chairman Cy Wallace and Secretary William M. Jenkins; Chairman Von Dee Cruse was defeated in Precinct 27 last week.

Second two-year terms as chairmen were won Sunday by Chris Costoff, Venice township Precinct Nine Democrat, and Donald L. Broyles, Nanticoke township Precinct Two Democrat. The group meeting in Venice also elected as vice-chairman Charles C. Chouteau One at Mitchell, who meets with the Venice township group; William Allen, secretary-treasurer; and Andrew Watts, sergeant-at-arms. Routh and Clinton held the same offices in 1960-62.

Vandals Smash Window

Two vandals about 19 or 20 years of age smashed a plate glass window in Rich's Ladies Apparel, 1202 Nineteenth street, Saturday night.

Quod-Cityans re-elected six incumbents to three local school boards Saturday by wide margins. Others named were Ralph Buske, Mitchell farmer, and Daniel N. Linder, Granite City businessman.

The two were named to three-year terms on the Granite City community unit district board along with President Robert H. Spengler, Carl M. Blumentstock and Frank L. Derner were returned to the Madison school board, and President Lester R. Salem, Secretary Roy L. Musick and Eugene M. Elgan won new terms on the Venice board. Voting turnouts were average to heavy.

With 3428 casting ballots in the Granite City district, Spengler led all candidates with 2439 and Buske—nominated for a rural position—polling 1099. Major interest centered on the race between Linder, who received 1671 votes, and Lester E. Kraft, who totaled 1423, or 248 less than Linder.

Next in the voting were Scott B. Craycraft with 374, Thomas A. J. Kula with 324 and Clayton D. Creek with 225. A few scattered write-in votes were reported, but were not a factor in the outcome.

With both Linder and Kraft asking their supporters to back Spengler and Buske, Spengler led at 12 of the 15 precincts and Buske was runner-up in 10 of them. The two were tied at one school. Buske edged Spengler in one precinct, and Kraft won the other.

In the contest for the third position, Linder topped Kraft in seven precincts and trailed him in eight.

Reports of under-age voting at Precinct Three, Washington school, were investigated by Teachers' Local 743. It was learned today from Mrs. Genevieve Gidson, president, who said the reports have not been verified and no further steps are planned at this time.

Of two names sought in the poll book, one could not be located and another reported to be a "junior" did not have that term in the book, making it impossible to check whether the father or son voted, Mrs. Gidson said.

15th Madison Voters  
Blumentstock and Derner ran almost identical races in the Madison district, totaling 1297 and 1296, respectively, while Kraft and Buske were tied in losing. The incumbents led in all but one precinct.

There were 1560 ballots. Venice school voting drew 995 votes, Musick polling 843, Salem 625 and Elgan 832. Joe W. Roberts, who received 157, led on Kerr Island but trailed at Venice high school and Eagle Park Acres.

Saturday's eight winners, Spengler is 44 years of age and operates an insurance agency, Buske is 43 and has an 800-acre farm, Linder is 31 and a manager of Tratter's men's and boys' store, Blumentstock is 47 and a welder, Derner is 43 and a soft drink company driver, Salem is 50 and a railroad general agent, Musick is 39 and a railroad chief yard clerk and Elgan is 53 and a steel mill welding supervisor.

Kraft led Linder in the early returns, but the race narrowed and Linder was ahead by 189 with 13 precincts reporting. When Niedringhaus school returns increased the margin to 326, an impromptu auto parade was held. Shortly before 10 p.m., the victory parade was held on a side track.

Eight of the cars rammed together and overturned, dumping the crowd. The cars were "all broken up," and the cars were "jumbled up together."

No injuries were reported and the work of clearing the wreck is now underway.

Cause of the derailment has not been determined.

## GC Council May Decide Tonight On \$100,000 Loan

Granite City council members probably will be asked tonight to authorize issuance of the city's first tax anticipation warrants in about two decades.

Comptroller Jim Doobier said he is completing his figures today and possibly will request the council to borrow at least \$100,000 next month. The city's fiscal year ends April 30, and the March financial report is to be submitted at tonight's meeting.

While the agenda for tonight's 8 o'clock meeting is virtually blank, a report on conditions of the Aubrey avenue sewer line also may be submitted since inspection of the line is being finished. The council is to decide the extent of repairs and replacement for the 15-inch trunk sewer line.

## Granite City Cancer Fund Campaign Begins Today

The house-to-house Cancer fund drive got under way today in Granite City. It will continue through Thursday with approximately 350 volunteer women taking part. Of these, approximately 60 are district chairmen, each responsible for a designated neighborhood.

The campaign is sponsored by Long Lake Avenue Post 187 and its auxiliary, Mrs. Stephen Horsley is chairman of the door-to-door campaign. Her husband is chairman of the advance gifts and business drive.

There is no campaign goal in terms of money. The workers will attempt to cover every home in Granite City, however. They will accept any donation to the fund and will distribute cancer literature free, regardless of whether a donation is made.

## County Democrats To Reorganize Next Week

The Madison county Democratic committee, composed of precinct committeemen, elected in last week's primary voting, will reorganize Monday evening, April 23, at the county courthouse in Edwardsville. Chairman Walter Simmons of Venice has announced.

Business to be transacted includes election of county officers of the party and appointment of an executive board. Township committees also will reorganize this month for the next two-year period.

A tentative yearly entitlement of \$125,033 for the Granite City school district under Public Law 874 was announced in Washington Friday by Cong. Mahon Price. Of this, \$86,286 has been certified for immediate payment.

The law prohibits school operating and maintenance funds to districts "impacted" by the presence of non-taxpaying federal installations. The \$86,286 payment will be deposited in the educational fund, Supt. Harold M. Kaiser said.

## GCBS Splits Junior-Senior Track Events With Cahokia; Conference Relays Are Next

Granite City high school's varsity track team will enter tomorrow's Southern Illinois conference relays in Alton with little more than hope, since it must run up against the host Redbirds and a powerful East St. Louis squad. But with the addition of junior division events, the chance that Ross Rosenblatt's club will score some points has increased considerably.

The Warrior varsity was trampled again here Thursday afternoon in a dual meet with Cahokia, while the junior division competition resulted in an 84-34 GCBS victory, the team's fourth in succession.

However, even though they came out on the short end of a 79-37 point total in the senior events, the GCBS tracksters did show improvement by scoring first in four events, a season's high.

Times and distances were well out of the respectable range due in large part to a miserable afternoon weatherwise. The temperature was in the mid-40s and a stiff wind blew out of the north, hampering runners in the distance and relay events.

### Relay Mishap

Glen Bowman, Denny Petroff and Mike Voorhees placed first in the 440, 180-yard low hurdles and discus, respectively. GCBS's mile relay team won in the slow time of 4:04.8, due to a freak accident in which a Cahokia runner somehow tripped over the baton he was carrying and his Granite City counterpart stopped to offer assistance.

Tytus Winters was a one-man show for the Comanches. He won four events—both dashes, the broad jump and the high jump.

Granite City won 11 of the 13 junior division events, and swept the first three places in both the 100 and 220-yard dashes. Bob Pyle and Ron Selph were double winners for the junior Redmen, and Ricky Reutebuch scored three firsts.

### Torchlight Parade

Preliminaries at tomorrow's conference relays will begin at 4:30 p.m., with the finals scheduled at 7 p.m. under the lights. Alton track coach Fred Will plans to add a bit of prestige to the finals—all athletes qualify.

## Trojans Edged By Comanches Thursday, 2-1

Cahokia's Bill Schmidt threw a two-hitter at Madison high school Thursday as the Comanches scored a 2-1 Midwest conference baseball win on a wind-swept diamond in Cahokia.

Schmidt lost his shutout in the first inning when Madison put together two walks, a fielder's choice and a single by Dan Trotts for its only run.

The Comanches scored both their runs in the home half of the first on a walk, two-base error and single. The two then went scoreless until the game was called at the end of five innings due to cold weather and darkness.

Mick Gravelly, the losing pitcher, hurled creditable ball, giving up only four hits. A couple of line fielding plays by the winners snuffed out Madison rallies in the second and third frames, when the Trojans got two runners aboard but could not push them around.

The loss dropped Madison to 1-2 in the conference and 1-3 overall. The Trojans are scheduled to repeat Highland at 4 p.m. today in Madison, and will continue the conference season Thursday afternoon in Dupo. Dan Trotts is scheduled to hurl for MHS today.

Harmon's squad has a non-conference date at Wilson Park with Rokana. Granite City is 2-0 in the conference and 3-1 for the season.

## Paddlers Pool To Omit Opening Day Ceremony

The board of directors of Paddlers, Inc., held a monthly board meeting Monday evening at the home of Bill McGee, 3132 Davis avenue. It was decided to omit the usual large-scale opening ceremony.

## Warriors, Rained Out Four Straight Times, Will Try Again Here Today

Warrior baseballers, rained out of their last four starts and inactive since April 7, will try to overcome the elements and East St. Louis when the two high school meet this afternoon at Wilson Park in a Southwestern conference contest.

Granite City's sophomore club is scheduled here at the same time against the Flyer sophomores. Both games will begin at 4 p.m. The Warriors' once-postponed meeting with Edwardsville was put off again Saturday afternoon when rain washed out the game here. GCHS was forced to cancel its Friday meeting with the Midgets in Freeburg for the same reason. That contest will not be rescheduled.

A third date will be set for the Edwardsville game. Another twice-postponed contest—will be with Belleville in Freeburg for the same reason. May 1. The game was rained out April 9 and 10.

## 4 Ratings of Superior For Band Students

Quad City area captured four superior and two excellent ratings and one good rating in state high school band contests Saturday.

Sixty-one Madison high school band students, led by William Ledbetter, meanwhile made a weekend bus trip to Kenosha, Wis., where they toured the American Motors Co. and visited the LeBlanc woodwind instrument firm.

The Granite City contingent, directed by Louis Meek, competed at Vandalla, with superior ratings going to Terry Van trombone soloist, Guy Lahr Jr. cornet soloist, and a mixed quartet. Donna Scher, Elaine Lux, Alice Jackson and Barbara Newhouse. Excellent ratings were received by Kent Potillo, baritone horn soloist, and a B-flat clarinet quartet. Donna Cox, Carol Grizzard, Elaine Ferguson and Larry Whitwell.

At Sesser, Ill., a Venice high school clarinet quartet, Phyllis Hawkins, Marjorie Fritter, Diane Clayton and Susan Hasty was rated superior. The 57 member Venice high band received a rating of good. Mr. and Mrs. Irwin Ballard and Mrs. Lucia Foley accompanied the group.

## License Picked Up At Alibi Lounge; Hearing This Week

Acting on a petition for revocation of the liquor license of the Alibi Lounge, 9401 Collinsville road, and a 10-day suspension order, the Madison county clerk's office picked up the license and closed the establishment Tuesday.

The suspension order was signed by Gus Haller, liquor commissioner for Madison county. Owner Harry Branhoff has been ordered to appear before the county liquor control committee Thursday to show cause why his 1962 license should not be revoked on the grounds that the place is disorderly and disreputable.

The petition for revocation alleges specific instances of open solicitation for prostitution. It further alleges that the place is merely a front for prostitution.

Based On Raid  
The action to revoke the license was based on the results of a raid in February. Sheriff's deputies and state troopers padlocked the place and seized 11 licenses. Five of the 11 licenses were 15 found-ins. Two women were charged with prostitution and one of them, Kary Lynn Lane, 22, of Cahokia, was fined \$100 and costs by Justice of the Peace Harry Hartman.

Record of her statements and subsequent conviction will be used in evidence Thursday at the show cause hearing in Edwardsville.

The other woman, Geneva Lee Holly, 23, of East St. Louis, Branhoff and one of the found-ins are still free on bond. The others were released after questioning.

The raiding officers in February found the establishment lit by dim red lights. There were two bedrooms immediately behind the bar section.

The place is east of Fairmount race track. It has been under surveillance since 1957. A revocation of the license was obtained in 1960 when a patrons were solicited.

The tavern continued to operate on an appeal, however, and the revocation order finally was reversed in 1961 by the state liquor commission.

Charged with gambling were Jimmy L. Scott, 28, of 519 Garner road, and George Madgett, 27, whose address was listed as 1028 Weaver street. Both were released on bond.

Some people fret because they can't meet expenses, but pity those who meet them on every hand.

## Prather Defeats Bethalto, Loses To Edwardsville

Prather junior high school baseballers split a pair of games with Bethalto and Edwardsville late last week, downing the Eagle freshmen last Thursday and falling before Edwardsville Friday afternoon, 11-5.

Edwardsville stepped the Chiefs' winning streak at two games, scoring two runs in the first, four in the third and five in the fourth inning. Tom Stitch, first of four-Prather pitchers, was the loser.

The winners did not let their damage on the strength of eight hits. Prather had five safe blows, and bunched all of its scoring in the fifth inning. The Chiefs will play their first spring home game on diamond No. 2 in Wilson Park Wednesday against Collinsville.

The Chiefs ran their string of scoreless innings to 12 on a cold afternoon in Bethalto Thursday. As Carl Haug and Leroy Langloss combined efforts to pitch a 7-0 shutout over the Eagle freshmen in a game which went only five innings.

Haug pitched the first four innings giving up one infield hit. Langloss blanked Bethalto in the fifth and, between them, the two Prather pitchers fanned nine.

First baseman Ray Lord came up with a perfect 3-for-4 day at the plate. Babe Champion's team scored four runs on three hits in the first inning, and added single markers in the second, third and fifth frames.

The Chiefs will be at home to Collinsville's freshmen Wednesday at 4 p.m.

## GC Sops Smack Stanton, 18-5

Granite City's sophomore baseballers broke out the big bats here Thursday afternoon, overcame a 5-0 deficit and rallied to an 18-5 victory over Stanton in a shortened, five-inning game.

It was the second straight victory for Don "Duke" Brumley's club. Its contest Friday in Collinsville was postponed until some time in May.

A rained-out game with Belleville sophomores from last Tuesday has been rescheduled for Wednesday.

Pat Harris picked up the win for the GCHS sops here Thursday by twisting shutout ball for two innings after Stanton had touched starter Jim Scissom for five runs in the first and second frames.

GC broke loose for six markers in the second, added five in the third and sewed up the game with seven more in the fourth. The winners led 12 hits, including two triples and six doubles. Jim Profit was swarmed the most effective bat, driving in five runs with a pair of bases-loaded doubles.

An "April showers and May flowers" theme was used and the tables, decorated in the wedding colors, orchid and yellow, were adorned at each place with small May baskets in pastel colors holding iris and jonquils. On the gift table were two large baskets to which were attached ribbon bows and a multi-colored umbrella. After the gift packages were opened, there were games and refreshments were served to approximately 90 guests.

Miss Karan Sue Thetford And Adelbert Ambuehl Jr. Wed

Miss Karan Sue Thetford, daughter of Rev. and Mrs. L. Thetford of East St. Louis, formerly of this city, and Adelbert J. Ambuehl Jr., whose parents reside at 1521 Clark avenue, were married Saturday evening at First Methodist Church in East St. Louis, 13th street and Summit avenue, where the bride's father is pastor.

Bouquets of white flowers and fern decorated the church for the candlelight ceremony at 8 o'clock. Rev. Maurice Winn of Olney, Ill., officiated and the bride was given in marriage by her father.

She wore a gown of pure white lined silk organza fashioned with a scoop neck overlaid with re-embodying Alencon lace. Long tapered sleeves were set into the bodice and the front of the sheath skirt was adorned with motifs of lace. A bouffant overskirt, exquisitely trimmed with lace and jeweled motifs fell into a full sweep train. A small organza pill box with jewel trim held in place the bride's four-tiered veil of illusion and she carried a red cabbage rose and ivy.

Mrs. Paul J. Bogossian, matron of honor, Martha Thetford, the bride's sister, junior bridesmaid, Lynda Barnett of Equality, Ill., Judy Krump of Leinburg, and Winn of Olney, Eileen Wamser of St. Louis, Phyllis Stieb, and Sandra Ambuehl at this city, a sister of the bridegroom, bridesmaids, were dressed in an array of pastel colors of organza. The gowns were designed with high round necklines and short sleeves. Pileated cummerbunds had self-trimmed roses with streamers down the back. They were matching shoes and headpieces and illusion veils. They held colorful bouquets of Alencon lace in varying colors. A little flower girl, Janice DeWitt, was in a white frock with a white lace basket filled with yellow daisies. Scott Smith served as ring bearer.

ARE MEDICINES EXPENSIVE?

There has been so much talk by publicity seekers and people who wish to exploit the sick. Here are the statistical facts.

THE AVERAGE COST PER PERSON PER YEAR FOR DRUGS AND MEDICINES IS ABOUT \$18.75

When you consider that the average person spends each year \$36.00 for tobacco, \$55.00 for alcoholic beverages, and \$24.00 for personal care in beauty or barber shops, surely good health is worth its medication cost.

AVERAGE PRESCRIPTION ABOUT \$2.25

Only about 15% of all prescriptions cost \$5.00 or more, while more than half sell for about \$2.00.

SO - WHY ALL THE EXCITEMENT?

How much could a discount save you without cutting down the supervisory service that insures accuracy and potency. And, — if he sold you your first few prescriptions at cost or less, you know he would charge more on later ones for everyone must make a profit.

YOUR HEALTH IS MOST IMPORTANT.

We pharmacists will continue to dispense the best of potent, pure drugs and to devote all the necessary time needed to insure accurate compounding. Each prescription will be fairly priced.

### Lorden-Sudholt Nuptials

#### Saturday At St. Joseph's

Miss Helen Sudholt, daughter of Mrs. August Sudholt, 1524 Niedringhaus avenue, became the bride of SP4 James Lorden, a son of Mr. and Mrs. Dennis Lorden of Chicago, Saturday morning at St. Joseph Catholic Church.

Rev. Charles Mulcrone officiated at the 9 o'clock Mass before the altar simply decorated with bouquets of white gladiolus.

Mrs. Francis Judd was organist. The attendants were Mrs. Mary Veizer, a sister of the bride, as matron of honor, and Edward Walck, best man.

Given in marriage by her eldest brother, Norbert Sudholt, the bride was attired in a formal gown of Chantilly lace and nylon tulle. It was styled with a molded bodice featuring a jeweled, sabrina neckline and long tapering sleeves. The bouffant skirt belled from a basque waist and the skirt, fashioned with panels of tulle, swept into a tiered back. A bouffant tiered veil was held to the bride's hair with a crown of pearls and

crystal tear drops and she carried a bouquet of white gladiolus and lilies of the valley.

Mrs. Veizer appeared in an orchid taffeta sheath dress with an overskirt of white lace and net. A matching headpiece completed her costume and she carried a bouquet of yellow gladiolus.

For her daughter's wedding, Mrs. Sudholt chose a light blue lace dress, pink accessories and a pink carnation corsage. Mrs. Lorden, the bridegroom's mother, was in a cocoa and beige ensemble with a yellow carnation corsage.

The wedding breakfast for the bridal party and the immediate families was held at the Rose Bowl.

#### Close Call After Visit To Cleaners

Mrs. — of — Drive had a close squeak Monday afternoon. After patronizing a coin-operated dry cleaning establishment, the 21-year-old matron deposited her family's freshly laundered (cleaned) winter wardrobe on the back seat of her auto with her two children, four-year-old — and 18 months old —, and headed for home.

The farther she drove the woozier she felt. On the way she stopped at a grocery store to purchase a loaf of bread, and when she returned to the car she noted that both of the children looked droopy.

As Mrs. — turned off Route 13 into — Drive she heard the bump of — falling off the back seat to the floor. She stopped the car or at least thought she had and reached over the seat to pick up the child who had fainted. And at that moment . . . CRASH!

Mrs. — collided head-on with — of — Drive. Right front fenders of both cars were crumpled but no one was injured.

In fresh air all occupants of the — car safely recovered although the family bus reeked of cleaning fluid odor, which neighbors likened to ether.

#### Woman's Wreck Starts Cleaning Firms Probe

Building ventilation and cleaning fluid used in the operation of coin-operated dry cleaning firms in Belleville will be checked by authorities. The checks result from an auto collision apparently caused when the driver of the car "blacked out" from fumes emitted from a large stack of clothes cleaned at one of the places.

City Health Officer — said the collision occurred last Monday when Mrs. — of — Dr. Belleville, lost consciousness and her automobile moved down an incline and struck a second car. Her two small children — 4, and — 18 months, who were riding in the car, also were affected.

Mrs. — was driving the family car at the time. She said she was returning home when the car rolled down the rear seat of the auto to the floor. After she stopped, she reached for the child and also blacked out. The car rolled down the hill and struck the other vehicle. None of the three was injured. They quickly recovered from the fumes and declined medical attention.

The City Health Inspector said that Mrs. — reported strong odors from the clothing after she reached home . . .

## Hear Tape Recording On POW Reactions

A tape recording consisting of selections from interviews with returnees from Korean prisoner of war camps, relating how prisoners were influenced through intensive schooling by their communist captors, was the feature of a Saturday morning meeting of the Daybreak Optimist club at the YMCA.

The recording was obtained and played by Cliff Blankenship, safety director at A. O. Smith Corp., and was taken from among materials used in study of communism and its effects.

Blankenship said that the death rate among Korean prisoners was the highest in our history, since a dog-eat-dog, individualistic philosophy was promoted by the communists among the prisoners.

Informants on fellow POW's were given material rewards, Blankenship said, but those informed upon were usually subject to a steady indoctrination of communist philosophy rather than physical deprivation or torture.

President Fred Schwartz presided at the breakfast meeting.

SHOWCASE 92 — WGNU — SUNDAY 2 to 3 P. M.

**FIRST ANNUAL FASHION SHOW** sponsored by the Downtown Granite City Shopping Center merchants almost filled the Washington theatre to capacity Thursday. Forty-eight models displayed the latest spring fashions in men's, women's and children's clothing, hats, shoes, jewelry and accessories. Television personality Charlotte Peters was the commentator. Here, she signs an autograph for Mrs. Andy Ginchoff as others wait their turn.

## 1400 Spectators Attend Downtown Fashion Show

An estimated 1400 persons braved the wind and rain Thursday night to see the latest spring fashions at the Washington theatre.

Forty-eight locally recruited models paraded on stage to show men's, women's and children's fashions ranging from sports clothes, knitted ensembles and wash-and-wears to swim suits. Twenty-one downtown stores participated.

There was a complete line of the latest accessories including bags, gloves, shoes, hats and jewelry. The feature attraction was a \$40.00 cultured pearl evening bag, reputed to be the world's most expensive purse. It is owned by the Imperial Pearl syndicate.

The fashions were accented by all the latest hair stylings and professional make-up.

Charlotte Peters, St. Louis television personality, was the commentator. She was assisted by Miss Kamm on the organ console.

Miss Peters was presented the key to the city by Mayor Leonard R. Davis. She is planning to wear it as a necklace pendant. Introductions were made by Maurice Rich, chairman of the April Promotion committee of the Downtown Granite City Shopping Center, the sponsoring organization.

Jack Johnson, who operates a downtown music store, played the warm-up numbers on the organ. Midway in the show he came back to accompany two nine-year-olds, Debbie Smith and Al Stevens III, in their "Darktown Strutters Ball," the number that won them an award at the State Fair last year.

Following the show, Miss Peters stayed backstage to meet the models and their sponsors personally and sign autographs.

## Oliver DeLille Dies; Former Hospital Worker

Oliver DeLille, 71, a 38-year Granite City resident, died at 11 p.m. Saturday at the Doctors Convalescent Center, East St. Louis, where he had been for the last seven months.

Mr. DeLille was a former car inspector for the Illinois Terminal railroad, and had been a helper at St. Elizabeth Hospital since poor health forced his retirement from the railroad. He had been residing at the local hospital.

He was born in St. Louis, and left no immediate survivors. Funeral arrangements are given in the obituary column.

The trouble with this fast age seems to be that people are more interested in speed than direction.

## Warren Cooley Rites Today; Former Resident

Funeral services were held this afternoon at a St. Louis funeral home for Warren Cooley, 78, of St. Louis, former Granite City resident who died Friday after a lengthy illness. Burial was in Sunset Hill Cemetery.

Mr. Cooley was the oldest Past Master of Masonic Lodge 877, and pallbearers were mem-

bers of the lodge. Masonic services were conducted yesterday afternoon.

Surviving is the widow, Mrs. Laura Cooley; two sons and a daughter; five sisters, Mrs. Mertie Jacob, Mrs. Nettie Daugherty and Miss Beatrice Cooley, all of Granite City; Mrs. Nina Sims of Modesto and Mrs. Viva Manes of Troy; two brothers, Briscoe Cooley, Granite City, and Raymond Cooley of Lantana, Fla., several grandchildren and several nieces and nephews.

## State License Required To Babysit In Own Home

The Press-Record has been advised that the Illinois Child Care Act of 1957 prohibits advertisements by individuals for care of children in their homes either by the day, week or any fraction of time unless the home has been licensed by the Department of Mental Health, formerly the Department of Public Welfare.

Alfred Y. Armstead, regional director for the department's office in East St. Louis, said, "The philosophy behind the licensing program is mainly a protective one for children. We may think of it as similar to the protection offered to children under the Child Labor Law.

"Each person, whether a day care operator, nursery school operator or an individual who just keeps one or two children in the home on a daily or hourly basis, should be licensed by our division of Children's Services. The home, day care center or nursery school is studied and periodically evaluated."

Armstead said persons advertising to care for non-related children in their homes are required to be licensed and are

record is kept at the regional office of all licensed homes. "The law does not apply," he said, "providing the babysitter or person caring for the child comes into the parents' home."

Quoting from the Child Care Act, Armstead said Section 23 states: "A child care facility licensed by the department may publish advertisements of the services for which it is specifically licensed under this act. No person, unless licensed as a child care facility shall publish any advertisement soliciting a child or children for placement or offering a child or children for placement."

### CAP Drill Unit Wins 2nd Place At Rantoul

### New City Auto Stickers On Sale

New city wheel tax stickers are now on sale at the office of Granite City Clerk A. L. Stevens. The 1962-63 city auto licenses become due May 1, the start of the city's new fiscal year.

Clerk Stevens said there is no change in the \$3 annual charge for automobiles. The tax on trucks varies in accordance with the vehicle's weight.

During the current fiscal year, 11,500 auto stickers were sold, a slight gain over the 11,505 sold in 1960-61.

### City Truck Damaged

#### When Struck By Car

The right side of a city truck driven by Scott Craycraft, city humane officer, was damaged slightly when struck by a car on Edwardsville road at August street at 3:15 p.m. Thursday. Other driver was Roy Garret, 53, of East St. Louis.

State police said both vehicles were going east on Edwardsville road, and Craycraft was turning left. After hitting the truck, Garret's car crashed into a fence at the Granite City Steel Co. blast furnace plant, and was heavily damaged to the front end. Neither driver was injured.

## Ruling By State On Fees For Law Library

Illinois Attorney General William G. Clark, in one of a new rulings, has held that a county law library should collect a \$1 fee for each adoption case filed in its county's courts of record but should not collect such a fee on inheritance tax returns filed in the courts.

In other opinions just announced, Clark has held that:

In counties of less than 500,000 population, a physician to conduct autopsies must be appointed by the director of the State Department of Public Health upon recommendation of the advisory board on necropsy service to coroners.

The Prevailing Wage Act authorizes establishment of the same prevailing wage rate for work performed under a construction contract. A county highway commissioner is not covered by the prevailing wage law.

A county of less than 250,000 inhabitants cannot collect dog license fees from dog owners or keepers residing within a city, village or incorporated town, no matter whether such municipalities have or do not have ordinances requiring licensing of dogs.

## 44 Venice Teachers Tour Power Plant

A group of 44 teachers from Venice school district took a first hand look at the workings of Illinois Power company's Wood River power plant last week.

The tour was arranged through the cooperation of Supt. John O. Pier of Venice Community unit school district 3.

"This was the first group of teachers from the Quad-City area to tour our Wood River power plant since the business industry, education activity of a few years ago," said C. E. Mathias, Illinois Power's Granite City service area manager.

Purpose of the teachers' tour he said, was to acquaint them with modern plant operation so that they can better handle questions from students about how electricity is made, delivered and used.

**THE MEDICAL RESEARCHER**  
scientifically probes the unknown...

Without the untiring efforts of the medical researcher, the progress of medicine would be at a virtual standstill. For the best scientific machine or instrument, the most complete laboratory, the most advanced statistical methodology, or the latest electronic advances would be useless without him.

Whether the researcher be a Nobel Prize laureate, a general practitioner, a surgeon, or an obscure laboratory technician, his work is vital to medical science.

The medical researcher has unbounded enthusiasm to search the unknown. He has faith in his convictions.

Louis Pasteur, discoverer of pasteurization; Wilhelm Roentgen, founder of the X-Ray; Sir Alexander Fleming, discoverer of penicillin; and Dr. Jonas Salk, whose polio vaccine is used throughout the world, are just a few of the researchers whose miraculous discoveries have been of vast consequence.

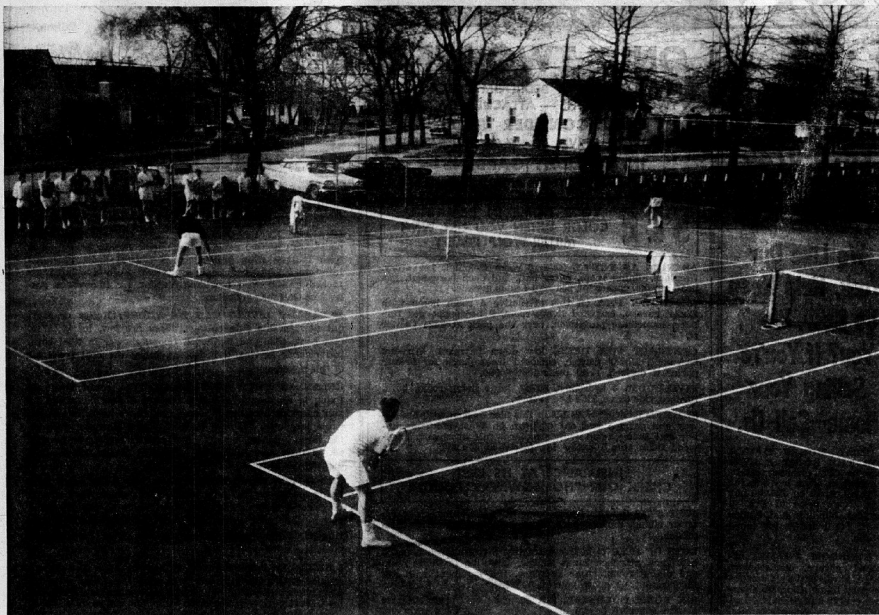

There are thousands more, names not so familiar to the general public, but men and women whose zeal and dedication to research are equally heroic, deserving of the gratitude of their fellow man.

# The Swing To Spring Is On At Quad-Cities' Parks And Playgrounds

A SURE SIGN of warm weather is activity on the various tennis courts here. Busiest spot is the four-court layout in Wilson park, where a high

school meeting between Granite City and Belleville squads is pictured in progress. During school vacation months, courts are crowded from dawn to dusk. Late afternoon hours are reserved for working adults and youngsters.

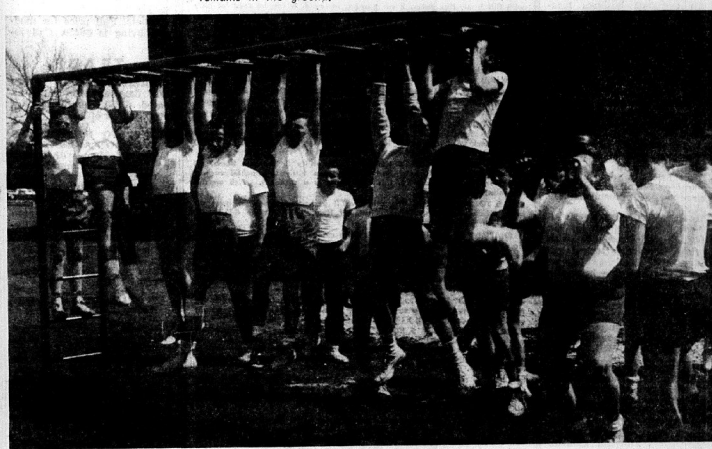

SPORTS FACILITIES need manicuring, just as out-of-condition athletes need training. Making repairs to wiring on backstop at No. 1 diamond in Wilson Park, which will be used this season by junior high, high school and inter-city league baseball teams, are Arvel Price (in high lift bucket) and Howard Hale (on tractor). Price, in charge of maintaining the park's six baseball and softball diamonds, says a lot of winter moisture still remains in the ground.

BASEBALL GETS A BIG PLAY every spring and summer from boys of all ages . . . and adults, too. Here,

Granite City's high school squad gives the batting cage — and the club's pitchers — a workout during a practice session.

EVEN ARM-STRAINING PULL-UPS can be fun, when they are attempted out-of-doors in warm and sunny weather, as these physical education class members from

Central grade school demonstrate. Calisthenics, distance running and wind sprints were also on the agenda for this group.

## LOOK AROUND

The best piece of evidence that a long, cold winter has finally been pushed aside is apparent from the flurry of outdoor activities on vacant lots, school playgrounds and in parks. And the best harbinger of spring remains the youth of the communities as they rush the season a bit . . .

All Photographs by a Press-Record Staff Photographer

'KNUCKS DOWN!' is still a popular cry each spring when boys break out the marble bags, draw a circle on the school playground and play for "keeps." These fifth graders at Louis Baer school in Madison who took

time out from their game to demonstrate the various "forms" used are (left to right) Robert McBride, Billy Wagner, Stanley Martinez, Dale Clinton and Larry Morris.

THE MALE OF THE SPECIES has no monopoly on outdoor spring sports. Members of the Girls' Athletic Association at Granite City high school are shown as they draw a bead on the bullseye during an after-school session in archery target shooting. Outdoor volleyball and softball also draw the interest of GAA members.

a referendum and have a choice of where they spend it.  
"The tax is levied on 40% of its tax income from Madison county, but spends only about 10% in the area. It's time they reversed the procedure," Beatty said.

In answer to another question, Beatty said the city could proceed with the projects without levee district assistance, but he did not think it would be fair since Quad-City pays taxes to the district with little return. He added that the levee board is rebuilding the collapsed Terrace lane sanitary sewer, but that it is not contracting for the original installation of the trunk line.

**Pave, Fence Ditch**  
Alderman Veseli, who is chairman of the city's Special Services committee working with the Citizens' group, said it is hoped the levee district will take care of a tentative proposal to pave and fence the Namekoki storm sewer drainage ditch which empties into Horseshoe Lake. He explained the paving would speed the turning of surplus water into the levee district which would eliminate a hazard to children.

The alderman said the group that Namekoki area residents would be forced to pay added costs for pollution treatment facilities regardless of the outcome of the program, and that the exact cost of the total bill has not yet been determined. "It could be the \$340 a month set forth in the citizens' report, or one of those lift stations just over 600 feet from this school. It would cost them and their children to walk through it to get to school, and track germs into this very room where they eat."
